Three students from St. John's Lutheran School in New Boston, have been named local winners in the 29th annual America & Me Essay Contest, sponsored by Farm Bureau Insurance.

The three students, who earned the first, second, and third place awards for their school are: Michael Beresch, first; Lauren Pichan, second; and Adam Falkenberg, third. All three received award certificates for their achievement. As the school's first place winner, Michael's name will also be engraved on a plaque for permanent display in the school.

Michael's first-place essay now advances to the state level competition, from which the top ten essays in Michigan will be selected. The top ten statewide winners, who will be announced in April, will receive plaques and U.S. savings bonds valued from \$500 to \$1,000. In addition, the top ten essayists will be honored at a banquet in Lansing, meet with Michigan's top governmental leaders and be the featured guests at a Lansing Lugnuts minor

## Board Continues To Discuss Bernadine Road

At the April 22nd meeting the township board continued to discuss the fate of Bernadine Road. The matter came up as a non-agenda item when Trustee McKinney asked why there was no progress on the closing of the road. Treasurer Adkins advised the board that the subject of Bernadine Road came up in discussions with Wayne County during a Partnership '98 meeting. The county advised the township people in attendance that they would look into the matter and get back to them.

This concerned McKinney and he questioned the need to even discuss the matter with Wayne County because the road was to be closed on the private portion of the road and Wayne County had no jurisdiction.

Trustee Adkins advised the board that the public safety committee reviewed the matter and the township fire chief and the police chief both advised against the closing of the street for safety concerns. To this, McKinney responded that their input was not necessary and that the board had already previously agreed to close the street.

What Trustee McKinney was referring to was a previous decision by the board to close the street at the private portion of the street. The closure was to be carried out by a gate that could be opened for emergencies or by shrubbery that could be driven over by emergency vehicles.

Because of the unsettled nature of the problem, the board agreed to send the issue back to the planning commission for review and also officially referred it to the public safety committee. This was opposed by Trustee McKinney and Trustee Glaab.

In another matter Chuck Angel, the Gypsy Moth Coordinator advised the board that the caterpillars were beginning to hatch and reminded the board that the spraying would occur when the moths had reached a certain stage of development with proper leaf develop-

ment and dry weather. He predicted the spraying would occur sometime between mid May and the end of May.

He had received applications for 700 acres and expected a lot of activity as the April 30th deadline approached. He reminded the board of the importance of securing 25-acre blocks for spraying. Unless this is done, your property would not be sprayed. He urged the neighbors to get together and perhaps absorb some of the cost in order to get to the 25-acre requirement.

He concluded his remarks by stating he would alert the community by com-

mercial radio regarding the date of the spraying.

In an unrelated matter, R.P. Lilly spoke to the board regarding the progress of the historical house and the brick project. He indicated they had sold 166 bricks and had just completed the second group of personalized brick inlaid in the walkway leading to the historical house.

He advised that he would be seeking bids for the exterior siding of the home and raised his concern regarding the difficulty of getting contractors to bid on such small projects.

## Supervisor's Report

by David A. Glaab

As your recently elected Supervisor, I would like to express my gratitude for the opportunity and privilege of serving the residents of Huron Township. I look forward to working with all our residents and the entire Township Board as we move our community into the 21st century.

These are exciting times for our Township! We have tremendous potential and our best days are ahead of us. Let's work together to make Huron Township a better place to live, work and to play – a township we can be proud of.

In this my first column since taking office, I would

like to share some good news relating to the Metro Airport Noise Mitigation program. Wayne County has finally agreed that residents who own a home built prior to November 29, 1992, which are located in the noise contour, regardless of when they were purchased, are entitled bene-

fits under the program. That means many more of our residents will be entitled to the benefits of new windows, air conditioning, insulation and other similar remedies. This recent development illustrates that the persistent efforts of our residents through the organized efforts of PLAN (People

Limiting Aircraft Noise) and Wayne County Commissioner Bruce Patterson's Airport Noise Steering Committee, can produce meaningful and positive results.

I look forward to sharing other exciting news with you in future editions.

David A. Glaab, Supervisor

## Thumbs Up To A New Voting System For Huron Township Voters

by Dawnette Bowers, Clerk

Thumbs up to shorter lines, faster and more accurate results, and most importantly, a more user-friendly voting system for Huron Township. That's the new Optech III-P Eagle voting system that

Huron Township Voters will get their first look at in this August's Gubernatorial Primary Election. The new election equipment, purchased from Election Systems and Software, has arrived and has

already been put through the initial setup by ES&S staff, Huron Township Clerk Dawnette Bowers and Deputy Clerk Debbie Bowman. We still have training sessions to be held for precinct workers

and staff, and the State of Michigan will be sending some of their staff from the Bureau of Elections out to also do a training session. We are looking forward to getting this new equipment in full opera-

tion for the August primary. We will also be having some information available in future newsletters and on cable regarding the new system.

## Dogs, Dogs, Dogs...

by Scott Adkins

It's that time of year again, time to purchase your 1998 Huron Township Dog

Licenses. Township ordinance requires that each dog over six months of age be licensed

annually. In addition, persons having more than three dogs must apply for a kennel license. Dog Licensing falls under the jurisdiction of the Township Treasurer by both local ordinance and State Statute, although enforcement is the duty of the Township Animal Control Officer.

Current Dog Licenses are on sale for \$5.00 per license. After May 1, 1998, all license fees will increase to \$20.00 per license. Failure to have your dog licensed may result in a ticket being issued and also a \$100.00 fine.

Licenses may be purchased from the Township Hall during

regular business hours, all that is needed is current proof of valid rabies vaccination.

Questions concerning licensing may be directed to the Animal Control Officer or Township Treasurer's Office during regular business hours.

Scott Adkins  
Township Treasurer

## Police Solicitations

by James A. Caygill

Every year the police department receives several calls from residents asking about our solicitation of funds. Usually because they have received either a phone call or mail solicitation from some police organization asking for donations. These people utilize a very dramatic approach which implies that they have the support of the local police department and that Huron Township Police Department is the recipient of the funds or receive some type of direct benefit from the funds that they collect.

The Huron Township Police Department does not condone or receive assistance from any of these organizations.

If you should be the recipient of any such request then I

suggest that you inform the caller that your local police chief has advised you against any contributions to any unscrupulous outside police agency. If you receive a mailing I would suggest that it be discarded.

We do welcome contributions to our D.A.R.E. program to help keep kids off drugs but these are usually done in person by our D.A.R.E. Officer Keith Nickrand or by one of the D.A.R.E. Committee members.

As always, we welcome your comments and should you have any problems with solicitors please feel free to call us at (734) 753-4411.

James A. Caygill  
Chief of Police  
Huron Township

## Yard Waste Pickup Time Is Back

Huron Township residents can once again put yard waste out for pickup on Wednesday mornings. Yard waste must be in yard waste biodegradable bags or in a separate trash container labeled with a yard waste sticker. Yard waste stickers can be picked up at the township hall during regular

business hours. These stickers are provided free of charge to our residents. Yard waste biodegradable bags can usually be purchased at larger hardware or department stores. If you have any questions regarding yard waste please call the township offices at 753-4466.

## Court Update

By the Honorable Tina Books-Green

# No Decrease In Domestic Violence

Domestic Violence has become a household term. Since the O.J. Simpson case there's been a rise in awareness about Domestic Violence, but there has been no decrease in the crime itself. Actually, the O.J. Simpson case had an extensive history of Domestic Violence, but that was a case of Murder, not Domestic Violence. Domestic Violence has been attributed by society as any crime in which there is spousal abuse. In the State of Michigan, Domestic Violence is an assault or an assault and battery against a victim who is a resident or former resident of your household, or with whom

you have a child in common. Domestic Violence is a misdemeanor punishable by a maximum of 93 days in jail.

The 34th District Court has hundreds of Domestic Violence cases each year. Most Domestic Violence cases involve incidents of pushing, shoving, and hitting. If convicted the Defendant may serve up to two years on probation, may have to attend Domestic Violence counseling, pay fines and costs, and also may be required to get some type of individual counseling.

Most cases of Domestic Violence do not begin with

excessive force. If the crime is anything more than hitting, pushing, shoving the charge can be a felony or a high misdemeanor. For example, if you spouse pulls a gun on you and shoots at you, although it is domestic in nature, the charge levied by the Prosecutor's Office would probably be Felonious Assault or Assault With Intent, which are both felony charges that carry a maximum of years in prisons. In reality, most cases begin with hitting, pushing, and shoving and unfortunately too many cases result in serious assaults.

The Court through the

Romulus Police Department has a victim's services program in which a victim's advocate helps and explains the legal system. It is not okay for your spouse or significant other to physically abuse you. If you or anyone you know suffers from domestic abuse, you can seek help through your local police agency or through the court system. We at the court can direct you to an agency such as First Step, which has a variety of ser-

vices, including shelter assistance.

## Sho Nuff

by LARRY O'KELLEY

Every week in the Detroit News and the Free Press there is a section devoted to enticing young people to sell their newspapers. They say something about avoiding the "boring blahs," making extra money and becoming a young business person. Well, unless they are delivering papers different than how I did as a boy, I would suggest the "boring blahs."

I was in the sixth grade and a friend of mine said that a paper route that covered my neighborhood was opening up. He mumbled something about the boy either wanting to play baseball and didn't have the time or that he had a nervous breakdown and needed time to recover.

I got the job after it was explained to me that it would take two hours a day, five days a week and I had to collect every other Saturday. I had to

deliver 100 papers a day at one cent per paper. That came to \$5 a week and that sounded just right.

I started in the summer and before long I was so good I could finish my route in an hour and a half and never miss a porch. I had problems with dogs, the rain and my customers, but for the most part I was able to handle them. With the dogs I carried a squirt gun with concentrated lemon juice. If that didn't do it, a swift kick usually did. If that didn't work I tossed the owner's papers in the bushes and after a week or so the dog would disappear.

The rain was hard to handle and I never fully mastered it. I tried to keep myself and the papers dry, but by the end of my route I would be a mess. If we had two or three straight days of rain my tips would always suffer because my customers would take it out on me

for the wet papers.

My customers really only bothered me on collection day. It was amazing how many ingenious ways were employed to avoid paying me the 50 cents. One customer I had, felt the papers were his God-given right and was downright abusive to me when I came to collect. He actually threatened me with great bodily harm if I didn't leave him alone. After his third threat I began throwing his papers on his roof and after a week he began to pay his bills.

I would still be a paper boy today if all I had to handle were dogs, rain and my customers. What did me in was the winter. I survived until the first week in January when we got our first bad snow storm. The snow kept turning into ice and only half my route done I abandoned my bike and walked home. My mother took one look at me and that was the end of my paper route.

I suppose a paper route is good for some kids, but I would advise them to suffer the "boring blahs" or find other means of employment.
